

Jack in the Box Inc.**GAAP to Non-GAAP Reconciliations**

(\$ in 000's)

From time to time, the Company discusses financial measures which may be considered "non-GAAP" financial measures under applicable Securities and Exchange Commission rules and regulations. The Company encourages investors to rely upon GAAP numbers, but includes the non-GAAP financial measures as supplemental metrics to assist investors in analyzing the company's performance. The non-GAAP financial measures disclosed by the Company should not be considered a substitute for, or superior to, financial measures calculated in accordance with GAAP. In addition, the non-GAAP financial measures used by the Company may be calculated differently from, and therefore may not be comparable to, similarly titled measures used by other companies.

The differences between certain GAAP measures and non-GAAP measures used in the Company's presentation at the ICR Conference on January 10, 2017, are set forth below:
